

What are Navigators/In-Person Assisters?

Navigators can:

- Provide guidance and support, free of charge, to individuals or to families through the Washington Healthplanfinder.
- Assist with the initial application for health care coverage, and can provide ongoing help with managing customer accounts afterward.
- Perform all tasks on behalf of customers that the customers are capable of performing themselves through the Washington Healthplanfinder
- Walk customers through the various offerings of each health care plan and answer questions, so that customers can make an informed decision based on their needs, but cannot suggest or recommend which plan the customer should choose – the customer must make the choice.

Before Navigators can serve customers, they are required to:

- Complete training and pass a test to receive certification.
- Undergo a background check.

How to use health insurance, steps 1-2-3

1. Find a primary care provider (PCP) that accepts your insurance plan. Call the customer service # of your insurance company, they can provide you with the names & numbers of local PCPs.
2. Set up a new patient appointment if you have medical needs you want to address with a PCP.
3. Go to your appointment.

KNOW THE BENEFITS OF YOUR PLAN: Access other services your health insurance has to offer. Read their benefit booklet to find out more.
